

JOB OFFER

MASON

BouwTechnisch Personeel is looking for (experienced) masons for long projects (years) for a client in the Netherlands. Are you a professional and do you know how to tackle and do you want to learn the Dutch way of masonry, do not wait to react and let us know. We are a young, fast-growing and enthusiastic organization that is mainly active in the construction and engineering sector. We stand for quality and speed. And we expect the same of you.

ACTIVITIES:

As a mason you perform various masonry activities, using different masonry tools. With your experience and independent work attitude you can build beautiful results. Our client needs masons for new construction projects, renovation projects and maintenance projects. You can work independently and carry out assignments. You find it a challenge to work neatly and correctly and to deliver a beautiful product. Our client is willing to invest in you with an internal training!

JOB REQUIREMENTS:

- A diploma in masonry is an advantage
- You are in possession of a valid VCA diploma or would like to obtain one
- Driving licence B is an advantage
- You are proficient in English or German

OUR OFFER:

- Excellent salary (Dutch employment conditions and weekly payment)
- Excellent Accommodation, 1 person per room
- Transport and workwear of BouwTechnisch Personeel
- Training by the client
- Tools if necessary
- Health insurance via BouwTechnisch Personeel

If you have become enthusiastic after reading this job, you can make this known by sending a CV with motivation to Peter van Keimpema • +31 (0)6 53405099 • pvankeimpema@btpersoneel.nl

DO YOU WANT TO BECOME A MASON?

If you have no experience but you do have the right settings, we offer you a good opportunity now. We train you as a full mason following the Dutch standards and guarantee your projects for long term periods.
